CHURCHILL HOUSE SUMMER CENTRES

RAMSGATE HOMESTAY

CHURCHILL HOUSE SCHOOL

Staying with a local homestay gives students the opportunity to practice English in an everyday setting, outside the classroom. Students have the opportunity to share cultural experiences, learn more about Britain and improve their language skills – an experience that will stay with them for a lifetime.

Churchill House has been providing homestay accommodation for over forty years and understands the importance of a safe and friendly environment for our students. Homestay gives students the opportunity to experience the English way of life first hand and to practice English outside the classroom. All families providing homestay accommodation are carefully selected by our experienced accommodation managers and are revisited every year.

Our families do everything they can to welcome students to their friendly homes and to make their stay happy and successful. Students can choose a shared or single room – shared is usually with a student of a different nationality so they can speak English together.

Homestay is a safe and enriching way to learn English as such, families provide breakfast and evening meals each day in the family home. The families also provide a weekly personal laundry service. Many families are within 20 minutes' walk of the school or on the main bus route. As you would expect, we work closely with all our host families to ensure that all accommodation meets our very high standards.

The welfare of our homestay students is our prime concern. From the moment they arrive in the UK until they return home, our experienced staff will be available to help them with any problems they might have and encourage them to enjoy their stay with us.

CHURCHILL HOUSE SCHOOL

RAMSGATE HOMESTAY BY THE BEACH

Most of our families in Ramsgate host our students all year round and so are used to welcoming new students into their homes. Students are fully immersed into the family environment, eating with the family seven days a week, attending school based evening activities 4 nights a week and staying with their homestay family on Wednesday, Saturday and Sunday evenings. This allows them to get to know the family better and gives them the opportunity to improve their conversation skills in a natural environment. Most of our

accommodation is within a 20-minute walk (or a short bus ride) from the school and at the end of evening activities, our staff walk junior students home.

Churchill House is located in a quiet residential area less than 10 minutes' walk from the town centre. The school is in an attractive nineteenth century square overlooking public tennis courts and the harbour. The main buildings date from 1814 and although they have been modernised they still retain their charm. Classes and activities will take place across the square in one of our school buildings with spacious, modern classrooms. Close to the classes is our Clubroom, with a range of facilities including a self-service restaurant, pool table and in the evenings it is the venue for our disco and karaoke nights.

Ramsgate harbour

Classes

Students are required to take an online test before arrival and are put into classes with students of similar ability. Students learn in classes with a maximum of 15 students. Throughout the week, students receive 15 hours of tuition where they are encouraged to develop and practise their English skills through activities that will help them to communicate more confidently.

Activities and Excursions

All of our students are encouraged to activate their spoken English, not only through classes, but also through the activity programme and excursions. Each student visits fun and educational places on one half day and one full day trip a week, which allows them to interact with other British people and use their English.

TEACHING & LEARNING

RAISING CONFIDENCE IN SPEAKING

Our Summer English courses concentrate on improving a student's level of fluency and to raising their confidence in speaking English. We do this by focussing on speaking and listening activities to bring out what they already know and develop their skills. Students are actively encouraged to practice their English with students from other nationalities, both in class and outside.

Students are tested on or before arrival to the centre so that we can accurately assess the student's level and place them in an appropriate class. We keep class sizes small; average 13 students per class but 15 maximum. This allows us to pay more attention to each individual student.

Our teachers are professional and enthusiastic, helping the students to learn as much useful English as possible. They make lessons interesting and fun, using a wide range of language activities designed to improve their ability to communicate fluently.

Our Classic English courses include 15 hours of English tuition per week including fluency practice, project work and excursion preparation lessons to get the most from their trips. St Lawrence College operates a zig-zag programme which means classes can be in the morning or afternoon. We reserve the right to operate zig-zag programmes at other schools. At the end of the course the student receives

an individual progress report written by their teacher and an end-of-course achievement certificate.

Trinity GESE Exams and Coaching Courses

At Churchill House we understand that it is important for some students to receive internationally recognised qualifications. That is why we are offering students the opportunity to take the Trinity Graded Examinations in Spoken English (GESE). This option is available at Dean Close School, Prior Park College and Queen Ethelburga's as a supplement to a standard student course, subject to availability.

STUDENT WELFARE

OUR PRIME CONCERN

The welfare of our homestay and residential students is our prime concern, from the moment they arrive in the UK until they return home. Our staff ensure that our students are safe, happy and cared for during their stay; providing full and attentive supervision. The centres have two first-aid trained staff available at all times. There is also a doctor's surgery near each centre.

Food

On our residential courses, all meals are prepared by the centre and eaten in the dining hall. On full day excursions, packed lunches are provided. The food is always high quality, offering a good variety of the necessary well-balanced and healthy diet students' require.

Most dietary requirements can be catered for with advance notice. Please tell your sales consultant of any allergies or requirements needed at time of booking.

ACTIVITY PROGRAMME

HAVING FUN IS IMPORTANT TO LEARNING!

During the day students can choose from a variety of fun activities including sports (e.g. tennis, football, basketball, swimming); arts and cultural activities, such as painting, crafts, drama and dance. Centres in cities will also offer local walking tours and museum visits.

INFORMATION

Transfer Service

Travelling to a new country is exciting, but it can also be stressful and difficult for students travelling alone. For this reason, we provide a variety of services that make your travel to your centre easy and safe.

Our 'Meet and Greet' transfer service provides a safe and secure way for students to arrive at their centre, taking the risk and stress away. We provide a friendly face to meet them when they arrive at the airport, look after them and take them safely to their school in one of our taxis or coaches.

We can provide private transfers from all main airports or from other locations in the UK on request. At peak times at the main airports, subject to availability, we also

offer shared transfers; students arriving on different flights are met on arrival by our couriers and supervised until they can be combined onto shared transport, providing a cheaper alternative. For many students the shared transfer service is the ideal opportunity to become friends with other students before they even arrive at the school!

On departure our couriers escort individual students through check-in until security. We also provide an additional service for students travelling as Unaccompanied Minors.

Insurance

All students, whether an individual or group student, are strongly advised to have insurance for the duration of their

stay covering them for medical expenses, course cancellation, personal accident, personal liability, loss of baggage, personal effects, money and tickets.

Churchill House can provide information on an insurance package designed specifically for international language school students. Please contact us for full details.

Arrival and Departure

Each residential centre has a specific arrival and departure day (usually a Sunday or Monday). For our Ramsgate Homestay centre, students should arrive on a Sunday and depart on a Saturday. Extra nights are possible at a supplement and by agreement.
