ELIMU ENGLISH COURSE IN THE NETHERLANDS

Are you wondering why to learn English in the Netherlands? Dutch people have been ranked as the best non-native English speakers. Reasons for this include that the Dutch language is part of the same family of languages as English, no dubbing on tv (but subtitling) and the economy being dependent on international trade.

Elimu Edu offers not only English language courses but at the same time a wonderful authentic stay in a Dutch-Slovak family living close to Rotterdam!

We are offering personalized language courses, and you can choose with your student-friends the theme of your course. In 2019 we went Harry Potter – and it was awesome!
